QUARTER TWO PLANS AND STRATEGIES

- **Ensure consistent stocking of cortin spray at all AKUH branches**
- **convert 10% ophthalmologists for Ciprodol prescriptions and 10% physicians for olmecure prescriptions**
- **Ciprodol listing and brand awareness in institutions.**
- **Reach out to all stockists for consistent stocking and brand visibility and awareness at the pharmacies, and this will be achieved through frequent visits.**
- **Ensure 80% pharmacy coverage monthly.**
- **Ensure that all Equity afia branches have stocked levolutast Kid, levolutast tabs, and Cortin spray through a follow-up with the pharmtechs in charge and the resident doctors, and the ENTS engagement for prescription support.**
- **Ensure all AAR branches and Avenues have stocked levolutast 5-12, cortin spray, and levolutast kid and levolutast tabs respectively.**
- **Ensure 80% doctors' coverage.**
- **Doctors' sponsorships and conferences through the aid of team members and the team leader.**

- **Create table meeting with potential Rcos ENTs ,PAEDS , ophthalmologists prescribers , institutions OPD prescribers**
- **Engage creative ways to bring onboard ENT, paediatricians for prescriptions support**
- **Consistent follow ups with consultants who are already prescribing levoflukast,Cortin spray and olmecure CT like utilizing special days for some activities and create a good rapport with them**
- **Map out institutions that are potential business for follow up**
- **create means to maintain relationships with current clients , pharmacists and pharmacy in charge, stocking,utilize the promotional materials given to have businesses**
- **Have at least three olmecure CT prescribers in my region**
- **Create a strong rapport with the already prescribing ENTs for levoflukast ranges and Cortin spray support**
- **Have consistent new prescribers**
